## WE ARE STILL WORKING FROM HOME

Pursuant to the guidelines implemented by the Philippine Government on the imposition of Alert Level 3, effective 12:00 am of October 16, 2021 until further notice. Under Alert Level 3, certain businesses may operate at 30% capacity indoors and 50% outdoors. Tourist attractions and recreational venues such as libraries, museums, amusement parks, swimming pools and movie theaters have also been allowed to operate at reduced capacities.

However, we have decided that our office remains closed and our staff will still be working from home and will just report in the office whenever necessary.

ProPak Philippines will continue to be at service to you during these trying times. You may contact us thru the following contact details:

Ms. Danah Castillo: +639175158538 / +63 2 8581 1921 / danah.francisco@informa.com

Thank you and be safe.
